

## **ENCOUNTER GOD**

What excuse could anyone possibly give you for neglecting the most important issue in life?

As a CHILD, they are TOO CAREFREE thinking there's plenty of time and can't be bothered yet.

As a YOUTH, they're TOO BUSY with study and career plan. They devote all their spare time to sports, pleasure and making money and hope for some time to think about God when they eventually settle down.

In ADULTHOOD, they're TOO PREOCCUPIED and WEIGHED DOWN with family cares and all kinds of responsibilities. They can't think of God yet as they must deal with urgent business and other serious matters first,

In OLD AGE, they feel spent and TOO OLD with hardened hearts already used to sin. Ungodly habits, practiced for years are now fully formed and they can no longer move out of the rut in which they have lived for so long.

On their DEATH BED, they're TOO ILL with body racked with pain and feeble mind thinking only about their suffering. They are now weak-willed and cannot focus their thoughts well again.

In DEATH, they're TOO LATE. The spirit departs and all opportunities lost.

There is now a gulf fixed between them and their eternal bliss. Pardon and salvation lost forever (Luke 16: 26).

Friend, when will you face the question of your eternity? You can settle it once and for all now if you so desire. You can come through the sacrificial death of Christ on the cross (1Peter 2: 24).

Jesus only is our SIN BEARER who bore the punishment for our sins. He is faithful and just to forgive and cleanse us from all unrighteousness (1John 1: 9).

DON'T DELAY YOUR SALVATION. Don't let your epitaph be – "TOO LATE."
