

## FREE INDEED - 2

### JESUS SETS FREE FROM SICKNESS & DISEASE

#### Luke 13: 10-17

Jesus formed a habit of always coming to the Synagogue on the Sabbath Days. We should formed this habit of always being with God's people every time they gather together also - **Ps.122: 1; Acts 2: 44; Heb.10: 25**. Why?

1. Message always precede miracle and miracles confirm God's word - **Mk.16: 19-20**. Those who are not interested in the Word of God do not have right to His miracles e.g. Hannah, 5,000 (**Matt.14**) & 4,000 (**Matt.15**) that were fed, Peter's draught of fish (**Lk.5**), etc.
2. You don't know when the Lord will visit you - **Mk.13: 35-36**.

Don't be one of the people wasting away their time at home when the people of God are gathered together in God's presence.

Jesus was in the Synagogue first to teach, and then to heal. Let us also learn to listen to the word of God and be fully blessed by it and not be distracted whenever we are in church.

A woman was there with the Spirit of Infirmity - **Lk.13: 11**.

This woman was there despite her infirmity and deformity. What are your excuses for not coming to church? Never let your problems (sin, sickness, sorrow, shame, poor finance, etc.) stop you from coming to God. Instead, bring those problems to God!

Let your problems bow to God and never expect or tell God to bow to your problems!

The Lord knew that that woman was there. He knows when we are in church and when we are not - He knows you are here today. He knows your problem and the nature of that problem. He knows your history and how long that problem has been there also. He knows your pains, your shame and the limitations that sickness or problem has brought upon your life.

This woman was bound by Satan and was bent over like a beast and could not stand straight like man - she was incapacitated in many ways - her honor and dignity had been ruined. May the Lord remove every limitation upon your life and restore your honor and dignity!

Old habits die hard! Long-standing problems usually erode our faith and confidence but the age of a problem does not matter to God e.g. Ezekiel in the Valley of Dry Bones. It doesn't matter how long, the Lord can deliver you! - **Ps.55: 16.**

Jesus called the woman, and thank God she answered. It is not all that Jesus calls who answer. May you hear His voice calling you today, and as the Lord calls, may you answer Him!

Jesus laid hands on her. So many ways the Lord heals - no stereotype! Don't dictate to God. Don't emulate or copy others also.

There is power in the word of God. Jesus released powerful word of faith, life and healing first before laying hand on her - **Mk.11: 22-24.**

Jesus simply said, "Woman, you are loosed!"

The woman believed also and received her healing - **Heb.11: 6.**

It doesn't matter how you were bound, when you were bound and where you were bound. If you will say like Jesus today, "Woman, man, girl, boy, you are loosed... You are free." And, you believe it with all your heart without any doubt, you shall be surely be loosed and be set free... from sin, sickness, shame, sorrow, and from every limitation of Satan.

This woman was healed and she glorified God. The purpose of every healing, every miracle and every blessing is to glorify God. So, always remember to glorify God.

Remember to pray that the Lord will silence every contrary voice of opposition or accusation against your healing, miracle or blessing also.
